For 120 years, the Buffalo Jewish Federation has been the voice and the backbone of the Jewish community in Western New York. Our mission is to develop and grow sources of funding, convene, support communal infrastructure, and offer Jewish educational and engagement opportunities. In the last five years our mission has expanded to include communal security, addressing antisemitism and efforts to bolster our place in a civil shared society.

Buffalo is home to approximately 10,000 Jews and our constituency is as diverse as any in America. We are old and young, we are secular and religiously observant, we are white, black, queer, straight, and everything in between. We are not a monolith; however, we are part of a collective, with a shared history, (some) shared values and we see ourselves as inexorably linked to the history of our people and to both a North American (2.2% of US population) and global Jewish peoplehood (0.2% of global population).
